China Relief Fund Sought

\$500 Quota From Randall County Needed; Brown Is Named County Chairman

Dr. Brown is calling a meeting of all committee members, chairmen and all other citizens interested for Friday evening, April 10, at 8 o'clock, in the City Hall, when full details for the campaign will be completed. All are urged to be present.

America needs China and China needs America! That may seem a bit overstated according to many readers, but the public may not know that back in 1918 China was asked for \$100,000 for the U. S. War Work Fund. China gave instead \$1,425,000—fourteen times her quota! Again in 1937, after the Ohio and Mississippi floods the Chinese people raised more money for the relief of our flood victims than any other country except Canada. These are but two of a multitude of similar examples of China's friendship.

For Americans this is a new war. But since July, 1937 the Chinese have known no peace. 50,000,000 (Continued on page 5)

Amendments Are Made To Triple-A Program to Take Care of Volunteer on Farms

In response to a great many inquiries regarding the use of volunteer wheat the Randall County Triple A committee has made the following tentative announcement on information from a reliable source in Washington.

The 1942 program will be amended so that volunteer wheat acreage used for pasture and grazed out completely may be counted as diverted acreage regardless of date field is plowed.

This acreage may be used for summer fallow on which a payment of 70 cents per acre is made if plowed before June 15 and summer fallowed.

There is no time limit on pasturing. The county committee suggests that the June 15 date be kept in mind for plowing under volunteer wheat if the land is to be used for summer fallow since the 70 cents per acre payment is made for summer fallow only if plowed before June 15.

The harvesting of volunteer wheat acreage, above the allotted acreage, will be subject to the same penalties as overseeded acreage except the Agricultural Conservation Program penalty will not apply if the excess is stored on the farm as penalty wheat and the 1943 wheat acreage is within the 1943 allotment. Such wheat stored as penalty wheat may be sold on payment of the penalty but in such case the penalty for overseeding will also apply against conservation payments.

The 1942 Agricultural Conservation Program payment on farms harvesting excess volunteer wheat will be conditioned on seeding with in the 1943 allotment on all farms in which the producer has an interest. 1942 payments will not be released until after 1943 wheat checking is complete for all farms in which he has an interest.

A producer who harvests excess volunteer wheat will be eligible for full rate loan on his total production less the excess production (average of the yield times excess acreage). He would be eligible for a loan of one-half full loan rate on the stored excess with no payment or allowance for storage. Excess wheat must be stored in approved storage on the farm and not in a warehouse. Wheat must be held under such storage until it becomes free wheat by virtue of under seeding or under production of subsequent crops or until marketing quotas are no longer in effect.

The Randall County Triple A committeemen met Tuesday afternoon for the purpose of studying the pending amendments and are all agreed that it would not be to the best interests of Randall county farmers to undertake the harvesting and storing of wheat from volunteer acreage in excess of the allotted acreage for 1942 except in very unusual cases.

100 Less Cars But More Cash

Last Minute Rush Car and Truck Owners to Buy 1942 Plates; Trucks Need Tires

Randall county registered 100 cars less this year than were registered last year. However, the amount of money taken in is \$5,000 more.

This is brought about by the fact that farmers, who usually wait to buy truck plates until harvest, bought their plates early in order to be in line for tires and tubes before harvest starts.

Owing to the last minute rush, it is believed that little money will be taken in on trucks before harvest time.

Most of the decline was on the sale of car plates. This will likewise decline for the balance of the year due to the light sale of used cars and the absence of new cars.

Save Typewriter Spools to Trade on New Ribbons

Typewriter spools are valuable. Save them.

When you buy a new typewriter ribbon you must turn in a spool. These spools are as good as new, and will be sent in for use in winding a new ribbon. Spools are made of precious metal, which the government needs in munition factories.

Warwicks have typewriter ribbons for all makes of machines—but bring your old spool when you wish to buy a new one.

Farmers To Vote May 2 on Wheat Program for '43

Uncle Sam already has his hands full and should not have to worry about a problem farmers can decide for themselves, stated B. F. Vance, who is Administrative Officer in Charge of the Texas State Triple-A office.

Solution of the problem is marketing quotas which will be decided at community ballot boxes, Saturday, May 2, when wheat farmers vote in a national referendum.

"We must produce the feed and food it will take to help whip international gangsterism instead of spending time, labor and money raising crops we don't need," Mr. Vance said in explaining that a 2-year supply of wheat is in sight and the United Nations are in desperate need of meat, milk, vegetables, eggs, fats and oils.

"Just as there must be no more 'business as usual,' there must be no more 'farming as usual.' Wheat is no exception and we must fit it into our war program," he continued.

Wheat marketing quotas, which divide a limited market equally among all wheat producers, give farmers opportunity to continue as masters of their own wheat production and reserves.

Also at stake in the referendum is the 85-per cent of parity loan program which is one of the principal reasons for present fair prices of wheat. With abnormal supplies, wheat quotas are essential to maintenance of fair prices.

"We've done a good job of producing wheat, we have adequate reserves, and we're getting a fair price. Wheat marketing quotas is just another method we have of keeping our business house in order," the AAA official said.

The wheat marketing quota referendum was held last year on May 31. Randall county farmers favored the quotas and loan program by a vote of 549 for and 3 against.

Trees From the Shelterbelt Are Available to All

The government sponsored Shelterbelt Nurseries at Chickasha, Okla., are discontinuing operation due to the national emergency and lack of labor, so the entire stocks of these two nurseries is to be given away to farmers and ranchers.

There are three major uses these stocks must be used for: a, field shelterbelts; b, farm windbreaks; and c, establishment of post lots or woodlots. The trees cannot under any circumstances be used as ornaments, which restriction will prohibit their use in groups of two or three or as single specimens.

The trees are absolutely free to anyone who desires same to be used as specified above, except for transportation charges. They must be gotten by April 15, which is next Wednesday.

A meeting is being called of all Home Demonstration Club women of the county for Saturday afternoon at 4 o'clock in Thompson Club room, immediately following the Coordinating Council, in order to work out plans for getting some of the trees for the clubs of the county.

Some Ice When Mercury Drops

Wheat Is Greatly Benefitted By Rain; No Wind Blows During the Past Year

The Panhandle was visited by rain and ice Tuesday night. The storm was by no means as severe as the famous ice storm which wrecked transportation and trees in the fall of 1940. Ice hung on the trees yesterday, but little damage was done. Utility lines were hampered for several hours yesterday.

The temperature Friday and Saturday afternoons rose to 90 degrees. Yesterday morning it stood at 23 degrees, with ice hanging from the trees.

Moisture Monday afternoon in a light sprinkle amounted to .02 of an inch. The total for Tuesday night was .45 of an inch. During Wednesday and last night the total was .55 of an inch, making a total of 1.02 inches for this week.

One year ago Saturday was the last duster the Panhandle has experienced. There were only two winds of any consequence during March, but practically no damage was done by these winds.

This moisture will be of great benefit to the wheat, especially the volunteer crop which will need considerable moisture in order to properly develop. Cut worms have done a little damage, but it is estimated that not more than 1,000 acres have been damaged by these worms.

Men Registering April 27 Not to Be in Military

All men who have attained their 45th birthday on or before February 16, 1942, and have not attained their 65th birthday on April 27, 1942, will register in the Fourth Registration, April 27.

Registration will be at the court house and at the Alice Landergin School House in the north part of the county.

Volunteers to assist in registering men of this age group are needed by the local Selective Service Board. It is estimated there will be about 725 to register on that date. More persons will be needed to assist in this registration than volunteered for the third registration on Feb. 16 due to the fact that there will be about fifty percent more men to register. Those who will assist are asked to telephone Mrs. Tommye Prichard, clerk of the local board, phone 46.

Registration will start at 7 a. m. and will continue until 9 p. m. Mrs. Tommye Prichard will have charge of registration at the court house and W. J. Flesher will be in charge of registration in the north part of the county.

This group of men will not be liable for military service under the Selective Service law. The registration cards will be numbered serially, but no order numbers will be placed on the cards. No national lottery will be held for this group.

Warwick Tells of Labor Dispute Problems

Editor Clyde W. Warwick of the Canyon News drew interested comment during and after his discussion Saturday in assembly on the conflicting problems presented by capital and labor difficulties and their connection with the speeded up era of national defense preparations.

Mr. Warwick, a former member of a typographical union, criticized severely the obstructions which are daily being placed in the way of progress by organized labor.

Labor organized because of necessity, Warwick said, but the common laborer is not the one who benefits from high wages on account of large fees charged by union leaders.

Mr. Warwick heatedly defended the right of the people to write their governmental representatives showing their disapproval of labor-capital bottlenecks in defense industry. He cited that the President has never shown disapproval about the numerous letters which reach his office daily with suggestions for bettering the government.

Labor leaders are crying "Sixth Columnists," he said, because of the letters and petitions.

Text of Mr. Warwick's speech illustrated how lopsided the salary scale was becoming because of organized labor's influences.

"When high school boys, without mechanical training and no college education draw more than college professors with 20 years of training, don't you think something is wrong? That's what is going on. At Muscle Shoals the common laborer receives from \$50 to \$75 and higher per week. If he earns that—fine—pay what every man is worth."

The speaker warned the people to keep in mind that they were "paying the bill" when large sums of union dues went to treasuries which had to make no statement as to how the money was spent.

Madrigal Club Sang Tuesday

Both Old and Modern Part Songs Are Taken From Big Library

West Texas State's far-famed Madrigal Club drew upon its large library in presenting its annual spring concert in the auditorium of the Education Building Tuesday evening.

Old madrigals will be sung in the first half of the program. After a short intermission, the club will sing a group of more modern part songs.

The complete program follows: "O Vos Omnes," Motet (Morales), 16th century. "Gloria Patri," (Palestrina), 16th century. "Hard by a Fountain," (Waeltrant), 16th century. "All Creatures Now are Merry," (Benet), 17th century. "From Lyons as I Journeyed," old French. "April Is in My Mistress' Face," (Morley), early 17th century. "This Sweet and Merry Month of May," (Byrd), early 17th century. "When Icicles Hang by the Wall," (Brooks). "O Peaceful Night," (Edw. German). "The Fairies," (Stanford). "One More," (Corbin). "Row, Gently Row," (Cowen). "Merry Wind of the West," (Elgar). "Let the Canakin Clink," (McEwen). "Prayer for Peace," (Johnson).

New Voters Will Be Recognized at Program May 17

Sunday, May 17, has been declared by an act of Congress as Recognition Day for all new voters of the nation. Dr. S. H. Condron will be chairman of the program for this county. He has held this position for the last two years.

A program will be held in the Administration Auditorium and an outstanding speaker will address the new voters. They will be presented with certificates to acknowledge their new position. There are expected to be 150 to 200 persons qualifying this year. All persons who become 21 during this year or since the last recognition day are eligible to receive the certificates. Also newly naturalized citizens are asked to participate.

A boy and girl who come within the age limit will appear on an assembly program soon and will speak to service clubs in town. More than ever it is necessary for young voters to participate in this phase of the government's organization, Dr. Condron said.

Gus Miller Comes Home; "Delighted" Says New Coach

"Ticked to death," he said, Gus Miller arrived Saturday to take over his duties as assistant coach and instructor at West Texas State. He gave up his position as coach and director of athletics at Texas Wesleyan College to return to his alma mater, Mrs. Miller and the two Miller children will come to Canyon about June 1. Billy, 12, and Marian, 9, are in school at Fort Worth.

"I regard West Texas State as one of the greatest colleges in the state, and the athletic setup here is one of the best in this region," Coach Miller told The Prairie. "I am delighted to have the opportunity of working with Al Baggett and Leslie Van Meter, who have done one of the finest jobs here I've ever seen."

Coach Miller is being welcomed by his former teachers, former classmates, friends, and others who know of his good record as an athlete here and his exceptional record at Texas Wesleyan. Both in football and in basketball, the Miller-coached teams were noted for their fight, finesse, and long strings of victories.

W. T. Track Squad to Meet Tech Saturday

The first West Texas track team in over ten years will trade spike for spike with the Tech Red Raiders and Hardin-Simmons Cowboys Saturday, April 11 in a tri-school affair to be staged at Lubbock.

The mainstay of the Simmons crew will probably be W. T. Johnson, sophomore, who has placed high in several recent city college meets in Abilene. Johnson has been heaving the javelin near to 175 feet. His other victory was chalked up in the pole-vault at 10 feet 9 inches.

For West Texas, J. P. McMahan will carry the colors in the 100 yard dash. His top time for the century run has been 9.8 sec.

Beryl Clinton, two miler, has gotten his fastest time at 11 minutes 44 seconds, but track coach, Leslie Van Meter expects Clinton to get his time down to ten or eleven minutes before Border Conference competition.

Other West Texas entries and their time include Price Brookfield 440 yard dash (52 sec.), Leslie Curb 220 low hurdles (26 sec.), Olin Reed shot put (41 ft.), Frank Stockman high jump (6 ft.), Johnny Thomas 220 yard dash (23 sec.), Alva Thornburg broad jump (21 ft.), Weldon Dowlen 120 high hurdles (17.1 sec.).

Special merit mention will be given the best pictures.

Those pictures on display are: "Panhandle Gold," "Why Don't We Start, Mister?", "First Lady," "Breakfast at Dawn," by Olin E. Hinkle; "Facing the Future," Stuart Condron; "The Blooming," "Nancy," Fred Hart; "Winter Sorrow," Hoi-lyce Hinkle; "Morning Fog," Margaret Snook; "Wheat Harvest," "Fun in Winter," "Sled Ride," "Reflections," Maurine Bush; "Three's a Crowd," "Spring Thaw," Cy Clemmons; "Harriet Ann," "Watchful Waiting," "At Last, The Letter from Pearl Harbor," "Vacation Time," W. Rose; "Wind Blown," "The Last Mile," Bill Jenkins; "Ocotillo," "Admiration," "For Our Aescot of Defense," "The Night Male," O. Dale Smith; "Embryo and Maturity," "The Good Earth," "Stairs," "First Bloom," D. W. Godsed; "Mexican Pottery," "Chrysanthemums," "The Country Club," "Entrance," M. Edquist.

John James Harter, the Veronica Lake of Canyon Hi, has a new half-do, referring to Miss Georgia Faye Holt, his associate in the sax section of the band. Right now she seems to be his major chord. In fact Johnny trebles on his bass cleft every time she appears.

Slacks surely do come in handy; don't they girls? Anyway Anita Davis thinks so. When Anita's knees were all bruised and swollen, her slacks served as a censor. Anita gave only vague answers to questions asked that day. C. L. Roberts probably could tell us about it, though.

"I feel as if I had conquered a hero." No, there wasn't a battle; it's just Shirley Harrell, exclaiming about her homemaking dress.

Miss Helen Whiteside seems to have her heart in her biological work. Every day she spends a goodly part of her time catching specimens—flies. Of course it happens to be during her phiz-ed, baseball games that she does the work.

First they took our cars; then came the bicycles; now our feet are almost as important as rubber, but Uncle Sam can't have 'em. (Unless he wants them).

Rhyme Marches On: There was a young lad from Austin Who made a rush trip to Boston; The excursion proved to be one of his flukes, 'Cause he fell in the river and ruined his Dukes.

Thought of in assembly: I'm sure that all of you remember Miss Pickett, the lady who taught here at the first of school. Well, watching the girls fence in assembly made me wish that she were still here. You see what I mean: I want to see Miss PICKETT FENCE. After reading this you are probably PALING.

Gene Cook likes to sing as she types her errorless typing lessons. Only one thing troubles her. She always hits the wrong key.

Dan Cabe and Beulah Hammond are accusing Mr. Cox of tampering with love. Last week in the chemistry laboratory he had them make a flame test.

War news: Last week I heard a man walk up to another fellow on the street and say in a casual way that his sugar was short. The other guy beat the man up because he thought he was talking about his girl friend.

What will they think of next? When mother was small, she never thought of a permanent. Now, even boys are getting them. Alvin Fenn knows how a girl feels about her curly hair, or does he?

A Dignified (?) Senior's Thoughts: When I think of graduating With my very, very low rating, Then my mind seems kinda dull, And in my thoughts there comes a hull. But when I think of the present And things I do that I mustn't, Then I think of study hall days, And that crime never pays.

Ever since the first sand made its passage through the hour glass to introduce Time to Earth, unity has usually been the deciding factor in determining the victor of a conflict. Throughout the history of the United States, the value of such coherence among the people has been proved repeatedly. With the exception of the Civil War, which is the one blot on our country's otherwise clean tyranny blotter, each war participated in by the country proved the cooperative spirit predominate among its inhabitants.

Ben Franklin's famous words, "United we stand, divided we fall," apply as well to the present campaign against totalitarian governments as any other similar munition debate.

Everyone hears and reads daily of the importance of Defense Stamp and Bond purchases on the part of every patriotic American, and yet approximately one-half of Canyon High's student body haven't bought those sharpest weapons which are the surest means to exterminate the Japs.

Claude Meet Is Athletes' Aim

Eight Tracksters Attend Northwest Plains Meet

Representing Canyon High School at the Northwest Plains track meet, eight tracksters will journey to Claude to compete in many events this week-end.

Marvin Davenport, Max Bosley and Elwyn Morton will run the mile race, while James Wright and Raymond LaCour will compete for honors in the half-mile race.

While Bobbie Dowd enters the quarter mile, Bill Brown and James Wright are representing Canyon High in the 220-yard dash. Bill also plans to put the shot.

Entering the greatest number of events, Calvin Sanders will throw the discus, vault and enter broad jumping.

All the boys who will represent C. H. S. at Claude were selected from the following boys who have been coming out for track: Lindsey Taylor, Marvin Davenport, Jay Hunter, Max Bosley, Elwyn Morton, Harris Brown, James Wright, Bryce Paine, Raymond LaCour, Bobbie Dowd, Bill Drummond, Calvin Sanders, Jim Westfall and Bill Brown.

"We shall know how we stand after this meet, because the results at Claude will determine the entries at the District Meet," affirmed Coach Wesley Cox.

Parents Entertain Band Members

Forty-odd members of the Canyon High School Band were paid for their musical efforts at the Band Parents' meeting Monday night by a bountiful supply of sandwiches and cider punch (sweet cider, though).

With Harold Barnett directing, the band played "Two Admirals," their contest required number; "Phantom Trumpeters," the contest selective number; "Barnum and Bailey Favorite," a warm up number and "Washington Post," the number which they have memorized to play while they are marching.

As an unusual part of the program for a Band Parents' meeting, a community sing was held with the band's playing "God Bless America," a 1940 hit of Irving Berlin's, "America," "Star Spangled Banner," "Red, White and Blue" and "Yankee Doodle."

Junior band members and beginners were invited to come to the meeting of Band Parents Monday night and to share the refreshments.

Mrs. Buck Moore, president of the Band Parents, was in charge of the business meeting, and the main problem concerned the means of transportation for the band to the contest to be in Amarillo April 23.

Farmers' Chickens Improve Steadily on Present Diet

Weighing one-half pound each, about one thousand white leghorns, bought by the Future Farmers of America three weeks ago, are steadily gaining weight on a diet of broiler mash and starter mash.

Out of more than one thousand chicks, only 20 have died. Usually 10 per cent of the chicks die; however only two per cent of these have died.

As a patriotic objective of the Student-Faculty Congress, the object was set as its project to collect toothpaste containers along with several other articles.

However, the government has now stated that each purchaser must give an old tube in to replace a new one. Therefore, the congress will remove its can for the containers.

"It was a good idea anyway," put up Gordon Lynn Dickerson, president.

Plans for the Future Farmers of America student-parent banquet are not yet complete; however it will be held April 30.

interesting material in some unknown process whereby so many chalk erasers continually find their way into the school's topless indirect lights. That is, if the defier of gravity is not attributable to some of the students.

A high school principal has a tough job, no matter how one looks at it. He seldom derives pleasure from his many student conferences which usually end with some unavoidable penalty inflicted on the guilty person. But, after all, whose fault is it?

"There's No Place Like Home" in Canyon

"There's no place in Texas where I feel so much at home as in Canyon," said I. B. Carruth, former Canyon Public School superintendent. "However," he admitted, "these Texas rains (sandstorms) contrast to our mosquitoes in Bonham."

Being in Canyon during the Easter holidays, Saturday, Sunday and Monday, Mr. and Mrs. Carruth visited her parents, Mr. and Mrs. Henry Bradford, and her sister, Mrs. W. C. Black.

In answer to how he liked his work in Bonham, Mr. Carruth answered, "I like it very much, but it is extremely different. We have an enrollment of 1700 of which 250 are Negroes. In six buildings, there are employed 47 teachers, 21 in high school and six Negro instructors who," he laughed, "can really sing."

Canyon Schools Changed

"There's a definite change in the school in many ways," he confessed after visiting the grade and high school almost all of one day. "The buildings are light and clean, and it certainly adds to their looks."

"Another outstanding improvement is the Home Making Department which has added a dining room and many accessories to the other rooms," he commented.

Changing the subject from buildings to students, the former superintendent asserted that the "kids have grown up but I can tell many of the upperclassmen by family features, although I can't remember all the names."

Carruth Commends Teachers

After visiting the Junior Red Cross exhibit with Miss Elva Pronabarger, grade principal, in attend-

ance, Mr. Carruth exclaimed, "I think it's the finest piece of work of its kind I've seen any place. It proves that it has had as much educational procedure as regular class activities, and the students and teachers have proved the patriotism in their school."

Having been asked about his eldest son, Robert Brewster, commonly known as "Bruce," Mr. Carruth said that probably the most dramatic incident of the boy's school life would occur next week when Bruce would be master of ceremonies in a school broadcast. Bruce, who is in the fourth grade, visited with friends in his former "home room" in the elementary school.

Quite suddenly, Mr. Carruth mentioned the fact that "The Eagle's Tale" had been his hobby. In fact he affirmed, "I still sub-

scribe for The Canyon News. He concluded "The Eagle's Tale" was the first one page paper of its kind in a weekly newspaper to be organized in a state."

Former Teacher Begins Here

Something interesting that most of us did not know is that Mr. Carruth began his teaching career in Canyon Grade School where he taught one year.

He received his B. A. degree at West Texas State College and later received his M. A. degree at the University of Chicago.

After teaching one year in the grade school, he taught history in Canyon High, then served as principal for one year.

Mr. Carruth, who lived in Canyon 13 years, served nine years as superintendent of Canyon Public Schools.

Singles Are Held On Wednesday

Double Matches Scheduled To Follow Boys' Singles

Intramural tennis contestants will compete for supremacy of the racquet Tuesday at the noon hour, and games will continue for approximately two weeks until all matches are finished.

Participation in the successive events will be held on the school courts—single competition to be decided first and followed by mixed doubles.

Opponents for the first six boys' matches who will probably advance or be omitted Tuesday are Frank Sharman and Bobbie Dowd, Gordon Lynn Dickerson and O. J. Roberts, Charles Taylor and John Gill, Lindsey Taylor and Sandy Oliver, James Thomas Harp and J. Ray Hunter, Dick Woods and Spencer Winn.

Girls Follow Boys' Singles

Wednesday's boy combatants probably will be Don Stanley and Dana Persons, Norman James and Charles Thornton. If the boys' games are finished, those who will follow Wednesday are Gene Hollabaugh and Ellen Sanders, Mary Ben Moody and Veta Roberts, Alice Prichard and Rowena Jones, Betty Ann Miller and Claudine Foster.

Ermin Winningham and Ruth Price, Evelyn Black and Wanda Moreland, Frances Alice Harp and Frances Gooch, Alice Prichard and Patsy Woods will finish the singles tournament.

All doubles teams will candidate after all singles have been completed.

Mixed Doubles List Names

Those who have listed their names for the mixed doubles section of the events are Frank Sharman and Ermin Winningham versus James Thomas Harp and Martha Lee Foster; Patsy Woods and Dick Woods versus Gordon Lynn Dickerson and Gene Hollabaugh.

The girls' doubles bracket is not completed. Those signed up are Dorothy Graves and Helen Woods, Frances Gooch and Frances Alice Harp, Claudine Foster and Wanda Moreland, Rowena Jones and Veta Roberts, Ellen Sanders and Evelyn Black.

Ten Boys Try For Doubles

James Thomas Harp and Gordon Lynn Dickerson, Don Stanley and Thomas Harold Thompson, Bobbie Dowd and Lindsey Taylor, J. Spencer Winn and Charles Taylor Norman Jones and O. J. Roberts are those in the boys' doubles.

Wednesday noon was the deadline for all events.

American Historians Complete Required Constitution of Study

Completing a state requirement for high school students, the American history class has made an extensive study of the Constitution of the United States.

Olin Huff, instructor of the class, directed arguments with members who thought they had specific justifications for every statement they made.

Especially in the Bill of Rights did debates occur on such articles as the right to bear arms, protection against search and the quartering of troops.

Each member of the class made a complete outline of the Constitution during this study and in some of the class periods analyzed the amendments to this great work.

One of the hinges of the complete Constitution was contained in the Preamble—"to promote the general welfare of the people." This was one of the continuous reasons used in the debates.

"The final grades on the test over the Constitution were exceptionally high, and I am very well pleased with the outcome of our study," commented Mr. Huff.

Band Members Will Entertain Students In College Chapel

Presenting a group of contest pieces, solos and ensembles, the Eagle Band will present the chapel program at West Texas State College, Tuesday morning at 11 o'clock in the auditorium.

Manual Arts Students Finish New Army Airplane Models

As a project adopted by the manual arts department, 50 model airplanes are to be completed before the end of school.

Because of the lack of plans, only nine planes have been finished, but several more are nearing completion.

"We are waiting for 20 model plans which were to have arrived April 1," commented Milton Sanders, instructor. "When those plans have been finished, we shall receive 10 more plans, which will complete our promised number," he concluded.

Those who have made and painted their planes are Joe Ziegler, Calvin Sanders, Bill Brown, Bobby Lyons, Ray Nickleson, Willie Railing, Leroy Wooten, Earl Byrd and Blake Zachary.

Ten Volley Ball Girls Attend Annual Meeting in Amarillo

Ten girls accompanied by Miss Helen Whiteside, coach, will journey to Amarillo to participate in the annual volleyball tournament Saturday, April 11.

The girls planning to go are Gene Hollabaugh, captain; Betty Harwood, Fawn Rogers, Betty Rice, Gladys Davis, Margaret Prichard, Lottie Jo Johnson, Geraldine Franklin, Carolyn Black, Tommy Lou Ford and Margaret Lou Tate.

"H. W. Truitt has been helping the girls, who feel that his advice is excellent," commented Miss Whiteside.

"I never have seen better sportsmanship and enthusiasm," said Mr. Truitt. "I think the coach is lucky to have such competent girls."

Silence is a true friend who never betrays.—Confucius.

It Is a Nightmare—In a Daydream!

Apparently too sleepy to skid across the keys of their respective instruments but still lively enough to raise uproarious protestations to their early awakening hour, the band students have trekked to Canyon High at 8 o'clock every morning this week.

So the band might improve its marching ability during the regular band period, Harold Barnett called this special rehearsal to enable the group to give a better demonstration at the annual band contest beginning April 23 in Amarillo.

Brown Will Enter Twirling Contest

According to her general appearance, smoothness and evenness of changing, Betty Brown was rated the best twirler with a grade of 90 on the national fundamental movement. This elimination contest was sponsored Monday to help decide who would be eligible to enter the regional twirling contest in Amarillo.

Each strutter for the band was asked to enter, beating time, then salute, give the wrist twirl, figure eight, cartwheel, finger twirl, two-hand twirl, pass around the back and some aerial work. With the remaining time from three minutes, each girl was privileged to do anything she wished and knew how, such as the neck roll, leg twirl or any variation of the fundamental movements.

"Each of the entrees had good acts as well as weaker ones," stated Harold Barnett, judge. "Everyone needs plenty of work to reach perfection."

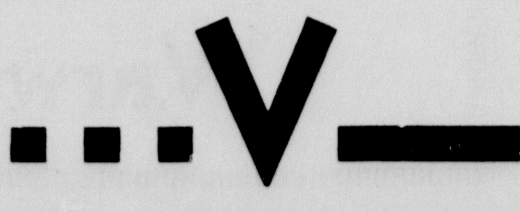

Betty gave a short exhibition of her ability at the Band Parents' meeting. With a grade of 85, Jane Campbell ran a close second while Mary Alice Campfield, Velta Speer and Gwendolyn Phillips trailed them in a short range of grades.

From where I sit...

by Joe Marsh

BEST storekeeper I ever knew was a fellow named Sam Abernethy. Sam's specialty was to take over some run-down store that somebody else had given up as a failure. Then Sam would turn it into a gold mine.

"But the most important thing of all," he used to say, "is to remember who's Boss!"

"You may think you are Boss of your business... but you're not. The Public, your customers, are the real bosses... and you've got to run your business the way they want it."

That little statement of Sam's made a big impression on me... particularly since it certainly seemed to work so well in Sam's case.

And Sam isn't the only one. I see the beer industry feels the same way... certainly, the brewers believe in running their business the way you and I would like to see it run.

Folks like us like to see beer sold in clean, quiet, decent places.

Well... the brewers feel the same way about it. They don't want their beer sold in wrong surroundings. They know it doesn't pay. And they know it hurts the good name of beer.

I was reading the other day how the brewers and the beer distributors work together and cooperate with law enforcement authorities. The idea is to make careless beer retailers clean up their places and practices... or close up.

It's a good plan... and it seems to me it ought to work. I understand it is already in operation in a number of states and is being extended.

It's a mighty fine thing when a great industry has the gumption to do a job like that on its own initiative. And if Sam Abernethy was right, the brewers should be mighty successful... because they're running their business the way the public wants to see it run.

Taxation Subject at Rotary Club Tuesday Noon

Taxation was the subject for a discussion by Jess D. Barker at the weekly luncheon of the Rotary club Tuesday.

"It is a privilege to pay taxes in this country in which we live," stated Mr. Barker. Taxes are increasing and will continue to increase, but the taxpayer is receiving increased services from the government.

Income taxes were 4% last year; were 10% this year; and will likely be 20% next year. According to some authorities, one-third of every dollar's income in this nation goes for taxes. In many instances, such as cigarettes and gasoline, the proportion may be higher. There are so many indirect, or hidden taxes, that the average taxpayer does not know how much he is paying.

Mr. Barker believes that we have equal taxes in this nation. Some people think that the rich escape taxes, but this is not true.

As a matter of comparison, for the first time taxes in the United States are now higher than in England. In the U. S., the annual per capita tax amounts to \$180, or 25% of the income; in England the tax is \$173, or 22% of the income. Income taxes are higher in England, since there are few local taxes. 80% of taxes in England are for military purposes, as compared to 50% in the United States.

During the 1930-40 period, taxes increased 600% in Germany; 500% in Japan; 165% in U. S.; 20% in England, revealing the vast amount of money Axis members were spending to prepare for the war.

Mr. Barker pointed to the benefits received in Randall county from taxes; including benefits paid to farmers; for West Texas State; and the public schools. He pointed out the fact that it was the duty of every citizen to contribute to the upkeep of his government.

Stuart H. Condon announced the annual Citizenship Day on May 17 when first voters would be recognized. Canyon was among the first in the nation to hold such a day, and now it is the national law for observation of the day on third Sunday of May.

Geo. W. Cox, Bob Jarrett and Bob Neblett were named as the nominations committee to recommend candidates for Rotary officers next Tuesday.
